

1.1 STATEMENT OF QUALITY POLICY

The policy of this Company is to provide goods which satisfy customer requirements and conform to applicable standards in order to ensure high performance and reliability. Our objective is to meet and exceed customer expectations with high levels of service and efficiency. Wherever possible we will continuously improve our products, service and relationships with customers and suppliers, together with the effectiveness of our Quality Management System. Risks and opportunities will be assessed for their impact on the Company and on interested parties. We will encourage and expect every employee to participate fully in this process. The Company has established an effective management system to achieve this objective and control will be maintained by the use of formal written procedures which include provision for prompt detection of discrepancies and for timely and effective corrective action. How far we meet our objectives will be assessed against feedback from customers and suppliers, together with our own performance figures. The quality management system of this Company is based upon and satisfies the requirements of ISO9001. This quality management system applies only to the activities carried out by Abrasives & Screw Products Ltd.
